

Rt Hon Theresa May  
Prime Minister

Dear [REDACTED],

**MAKING BREXIT A SUCCESS IS CENTRAL TO OUR NATIONAL INTEREST**

As a nation, we face the most important period in our lifetime. Making Brexit a success is central to our national interest – and it is central to your own security and prosperity.

While there is enormous opportunity for Britain as we leave the European Union, if we don't get Brexit right the consequences will be serious. If we don't get the Brexit deal right, your economic security and prosperity will be put at risk, and the opportunities you seek for your family will simply not happen.

But with your help [REDACTED], together we can get it right.

**THIS IS A UNIQUE AND CRUCIAL ELECTION FOR OUR COUNTRY**

By going to Brussels with a strong negotiating hand I can ensure we guarantee our economic security.

I believe that with dedication and hard work, we can make a success of Brexit and bring our country together - building a stronger economy that creates secure and well-paid jobs, where every child gets a good school place and working people can buy a home of their own.

But there are only two people who can possibly be Prime Minister after the election to negotiate Brexit – me or Jeremy Corbyn.

Labour under Jeremy Corbyn are a shambles and he would embarrass Britain in Brussels and risk our economic security.

So the choice at this election is clear. Strong and stable leadership with me in the national interest, to see us through Brexit and beyond. Or a hung parliament and coalition of chaos with Jeremy

Corbyn negotiating Brexit – which we would all pay for in higher taxes, fewer jobs, more waste and more debt.

## **YOUR SEAT COUNTS AND EVERY SINGLE VOTE WILL COUNT**

Some people say Jeremy Corbyn can't possibly become Prime Minister and it doesn't matter who you vote for in South West Surrey constituency.

But don't forget the opinion polls got the General Election wrong in 2015. They got the EU referendum wrong, and as Jeremy Corbyn has said himself, he was a 200-1 outside chance for the Labour leadership. Why risk it now with so much at stake?

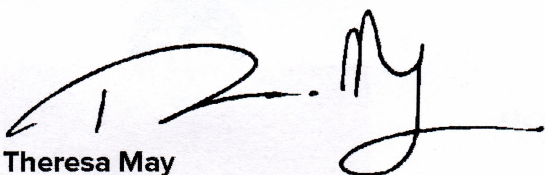

So it's nonsense for Mr Corbyn's local Labour candidate to say a vote for them locally doesn't matter nationally. Because the simple fact is Jeremy Corbyn will claim each and every vote for the Labour candidate in South West Surrey constituency as a vote for him, and as a vote for his nonsensical and dangerous ideas.

And if Jeremy Corbyn wins in South West Surrey constituency, his position is strengthened and my bargaining position on Brexit is weakened. A vote for anyone but my candidate – Jeremy Hunt – is still a vote for Jeremy Corbyn and we will get 5 years of his coalition of chaos.

## **BACK ME AND JEREMY HUNT WITH YOUR POSTAL VOTE HERE IN SOUTH WEST SURREY CONSTITUENCY**

If you want to make a real difference, back me by voting for my candidate, Jeremy Hunt, in your local constituency of South West Surrey. You will have a say in a strong and stable government, that will deliver the best Brexit deal for you and for Britain.

Yours sincerely,

P.S. So the choice at this election is clear. Strong and stable leadership with me in the national interest to see us through Brexit and beyond, or a hung parliament and coalition of chaos with Jeremy Corbyn negotiating Brexit. Give me and Jeremy Hunt your support, and I will get the best Brexit deal for you. I will stand up for you and govern for you.
